Annual Programmes Report
2021/2022
Prepared & Compiled by Mdu Menze (CEO)

Waumbe Youth Development is a registered Non-Profit Organization (PBO Number: 930056934) located in Fisantekraal, an informal community near Durbanville in the northern suburbs of Cape Town South Africa.

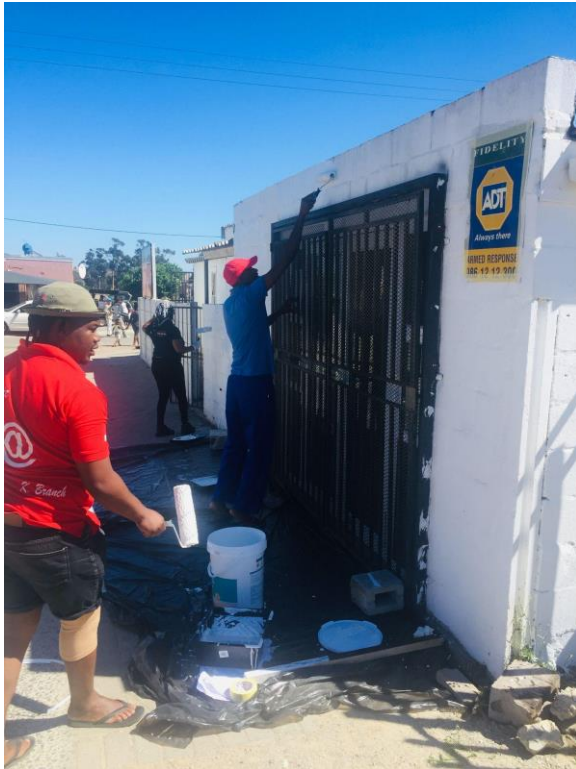

Waumbe's exists to progressively develop purpose driven young African youth and to equip them for the future via various initiatives and programs.

This financial year has been the proverbial, *roller coaster ride*. We have made tremendous improvements to our model and reached more learners in the northern district of Cape Town. We have now established ourselves in communities outside Fisantekraal which is evidence of our growth intent and increased impact.

We are excited to share our journey through this report with you.

- Raising Quality Men & Womanhood in the 21st Century:** Our country is engulfed in gender-based violence and resulted in Waumbe to institute our "raising a quality boy" program which aims to instil human ethos and educating young men about their role in society. Waumbe realise that in order for our continent to have quality men we need to raise quality boys. The extension of these sessions has also been welcomed by the community and allows young ladies to learn from experienced and respected women in society.
